

## SPEAKING &amp; KEYNOTES

# Two decades where technology meets human behavior.

Human-Machine Trust Architect · Enterprise AI Strategist · Latino Tech Leader

Two decades inside enterprise organizations watching the gap between what AI promises and what people can actually trust — and building the frameworks to close it. Through Solaryn Advisory and on stages across the country, I translate practitioner experience into something audiences can use: a clear-eyed blueprint for AI transformation that doesn't treat trust as a footnote.

## Three verticals, one through-line

### ENTERPRISE AI TRANSFORMATION

#### From pilot to policy

What enterprise AI transformation actually costs. A framework for measuring readiness, sequencing adoption, and protecting trust.

KEYNOTE · 45–60 MIN

HDI · SERVICENOW · GARTNER

### HUMAN-MACHINE TRUST

#### The human-machine trust gap

Why AI adoption fails and what leaders can do. The Trust Architecture framework: four levers to close the capability-confidence gap.

KEYNOTE · 45–60 MIN

SXSW · RESPONSIBLE AI · EN/ES

### LATINO LEADERSHIP IN TECH

#### Building AI fluency in underrepresented communities

A Latino leader's blueprint. Bilingual keynote on AI literacy, navigating AI-driven systems, and leading from every seat.

KEYNOTE · EN/ES

HACE · ALPFA · SHPE

### ENTERPRISE AI TRANSFORMATION

#### The agentic enterprise

Designing for AI that acts, not just answers. Delegating tasks to AI agents and governing the handoff without losing accountability.

TALK · 30–45 MIN

ODSC · AGENTIC AI SUMMIT

### HUMAN-MACHINE TRUST

#### Governing AI agents

Accountability in systems that act without asking. Oversight frameworks that scale with autonomous AI without grinding innovation.

PANEL · 30 MIN

BERKELEY · GOVCIO · SXSW

### LATINO LEADERSHIP IN TECH

#### Soy el arquitecto

Owning your seat at the AI table as a Latino professional. Part practitioner blueprint, part community call to action.

KEYNOTE · 45 MIN

BILINGUAL · SVLLS · LATINO ERGS
